

GECBTS.com Prepared Employees® Pandemic Preparation & Response Knowledge Transfer Courses

“Capturing & Transferring Tribal Knowledge for the New Generations of Learners”

“Creating Self-Accountable Employees Achieving Positional Performance Expectations”

CORONAVIRUS

TRAINING CONTENT

In response to the rapidly evolving global coronavirus outbreak, we've created several new series to help you and your employees prepare.

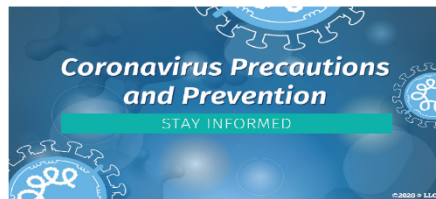

Planning for a Pandemic

This series, part of our Risk Management topic, can help you prepare your organization for a pandemic. From communication best practices to keeping your business operating smoothly, learn how to reduce risks and protect the health of your employees and customers.

Course Titles

- Preparing for a Pandemic
- Internal Communications
- External Communications
- Illness in the Office
- Business Continuity

This 39-course bundle also includes these topics:
Fighting The Flu • Stress Management • Benefits of Sleep • Working Remotely • Crisis Management

Coronavirus Precautions and Prevention

The goal of this series is to inform you about what coronavirus is, and how to utilize some common sense hygiene and preparedness practices to keep yourself and others healthy and informed.

Course Titles

- Common Sense Hygiene
- Coronavirus Preparedness
- Travel Safely
- Stay Calm, Stay Informed

Coronavirus

There's a lot of mystery around the origin of coronavirus, what it is, and how it may impact you. This course is designed to help inform you of what coronavirus is, how to recognize symptoms, and how to prevent it.

Course Title

- COVID-19
